

FILTRATION **STRENGTH**

Engineered for strength and durability, Reemay® media is made of continuous filaments and will not ravel or fray; in addition, it has no binders to dissolve and weaken the media during use.

For clear, clean water, your customers depend on Reemay filtration media. It's been the standard of the industry for 30 years!

You can be sure with Reemay.

FILTRATION QUALITY

Moms don't compromise when it comes to their family's health and happiness. Reemay® Liberty® with Microban® antimicrobial product protection doesn't compromise either. It provides sparkling clean water and hates bacteria just as much as moms do!

Moms trust Reemay filtration media. It's been the standard of the industry for more than 30 years!

You can be sure with Reemay.
