Destination Lounger and 41 cm table shown above in Starry Night

BRING YOUR VACATION HOME™

Inspired by the world's most luxurious resorts, S.R.Smith's new line of professional grade in-pool furniture sets a new standard for style and elegance. The Destination Series features table and seating options designed to create spaces for conversation and relaxation. Made in the USA using advanced manufacturing technology, Destination Series products are lightweight and super strong.

MINIMUM WEIGHT - MAXIMUM STRENGTH

Resin Transfer Molding (RTM) is an advanced manufacturing process that is used in a diverse range of applications from aerospace to automotive products. The RTM process creates a composite material that has a high strength to weight ratio – although lightweight, it is exceptionally strong and durable. RTM products offer a truly unique look that is salt pool friendly and UV resistant to protect colours from fading.

SALT POOL FRIENDLY

We know pool builders and consumers alike enjoy the benefits of salt chlorinator systems - that's why we've designed a line of products that perform well in salt pool environments. Our Salt Pool Friendly icon is your visual assurance that the most durable and salt friendly materials have been used in manufacturing.

Pool Seat

Sun Shelf Table

Pool or Spa Table

TABLES & SEATING

Make the most of a sun shelf with tables and seating that allows you to cool off without splashing around. Bring your book, favorite beverage and a snack to spend hours relaxing in your personal destination space.

POOL LOUNGER™

The Destination Lounger™ lets you relax and enjoy the pool without a splash. Elegant design and sturdy construction combine to give pool owners the opportunity to upgrade their sun shelf space with ease. Made using an advanced RTM manufacturing process, Destination Loungers are lightweight yet strong. The innovative design allows pool owners to easily fill the base section with water but, more importantly, it's easy to remove the water allowing the lounge to be moved when not in use.

- Perfect for residential or commercial use
- For use on a pool ledge with water depths up to 30cm
- High-quality RTM composite material
- UV protection to resist fading
- Compatible with all pool types, including vinyl
- Exclusive colours and visual textures
- Patent pending fill system eliminates buoyancy
- Easy to drain and remove when not in use
- Made in the USA
