## SAND FILTER

FOR MAXIMUM WATER CLARITY.

Sand is the most widely used filtration method for swimming pools. Convenience, low maintenance and water quality are the reasons for sand's popularity. The FreeFlo™ Sand Filter is a time-tested favourite with pool owners due to its extended maintenance cycles, easy-to-operate control valve selector and outstanding water clarity.

The biggest reason for installing a FreeFlo™ Sand Filter: the additional leisure time you'll spend enjoying your pool.
