# Zodiac Flopro e3

*intelligent & economical pool pump*

The **Zodiac FloPro e3** pumps, 1.0HP and 1.5HP are one of the most energy efficient, economical and easy to use, 3 speed variable pool pumps on the market today.

The motor has been factory pre-set to run at three common speeds; but unlike most other 3 speed pumps the FloPro e3 pumps can be adjusted by increments of 25 RPM to provide the most efficient solution for your specific requirements.

Suitable for all domestic swimming pools, the FloPro e3 pumps are engineered to provide years of reliable and ultra-quiet operation.

 **ZODIAC®**

## Saver Energy, Save Money

The FloPro e3 pumps is a variable speed pool pump that has been designed specifically for the Australian market as an easy to use, economic and intelligent swimming pool pump.

With 3 preset speed settings you can simply set and forget whilst the pool pump runs at the desired speed.

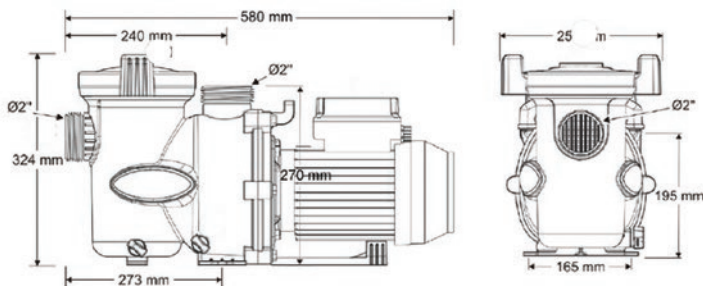

With the added function of the variable speed buttons you can simply adjust the speed setting (RPM) to ensure you obtain the optimum energy efficiency for your pool application.

Running the pump at EcoMode for normal filtration will reduce power consumption significantly.

## Built to Last

The FloPro e3 is built to the highest standard right down to the quality and durability of its materials. All the components are constructed from corrosion resistant materials to ensure you attain optimal performance and longevity.

## Schematic

## RS485 Control For 1.5HP only

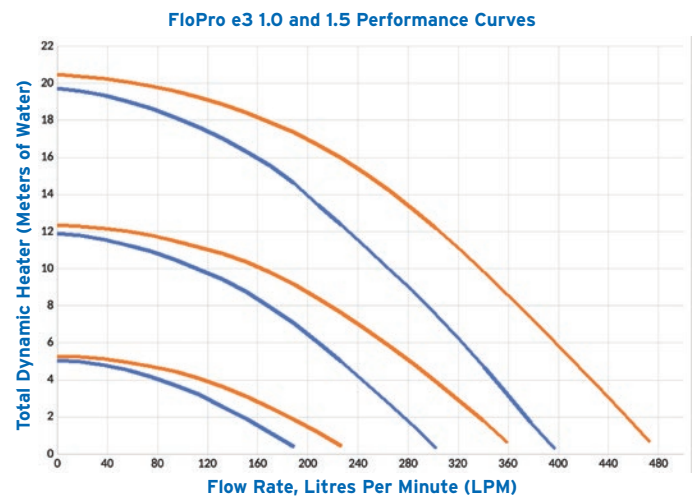

The E3 1.5HP can be remotely controlled using the iAquaLink™ app by connecting the cable from the remote connecting device onto the dedicated RS485 terminal bar. The E3 1.5HP pump is compatible with AquaLink TRi & AquaLink M8 Pool or Pool & Spa Automation.

## Ultra Quiet Operation

Due to its cleverly designed economical motor, the Zodiac FloPro e3 pumps are one of the quietest pool pumps on the market. At Eco Mode it generates less than 50 decibels - equivalent to a standard dishwasher.
